vesterday. The retail trade in the city

Y. M. C. A. Notes.

This evening at the Y. M. C. A., at the regular Saturday night meeting, ad-

desses appropriate to Independence Day

Rev. Dr. Schwarm, of the English

Rev. Dr. Schwarm, of the English Lutheran church, will address the men's meeting to-morrow afternoon at 4 o'clook. His address will apply particularly to the significance of the Fourth. The entrants for the road race, to take place the evening of July 8, are in constant training, and increased interest is being shown in the event.

A camping party is being formed for the annual outing. The party will leave July 12, for some point up the river, to be selected later.

Fell Forty Feet.

Fell Forty Feet.

George Schmalz, a roof painter, suffered a terrible fall yesterday at the Whitaker iron works. He fell a distance of forty feet, alighting on a pile of iron. Fortunately, he caught an overhanging projection, which in a measure broke his fall. His back was badly bruised, and one leg was injured. He was removed to his home in the Second ward in the city, ambulance, Schmalz is rather unforunate, having sustained severe injuries from a similar fall about a year ago. Dr. D. H. Taylor made his condition as comfortable as possible yesterday, and no serious results are anticipated.

GENUINE DIAMONDS

And Solid Gold Watches with Tea at 1033 Main Street. Remember that this Saturday, July is positively the last day on which

these valuable prizes can be had. Af-ter that these choice teas will be sold by an agent without them.

Worth coming miles to see.

#### RABBI LEVI

Installed by the Hebrew Congregation Last Evening.

THE VERY IMPRESSIVE SERVICES

Were Witnessed by a Large Congregation, Including Many Members of Christian Denominations—The New Occapant of the Wheeling Pulpit Created a Most Favorable Impression-The Beautiful Music was a Feature.

The pulpit of the Jewish temple on Eoff street, recently left vacant, is to-day occupied by the Reverend Mr. Levi, of Cincinnati, and the members of the congregation, are to be congratulated on the fact that the pulpit is so ably

Last night at the time set for the installation to begin, Mr. Samuel Kraft, president of the board of trustees, steped forward and gave to the people their

stallation to begin, Mr. Samuel Kraft, president of the board of trustees, stepped forward and gave to the people their 
new pastor, saying:

"Nothing proves more fully the deep 
interest and religious feeling of our 
times, than the success attained by the 
Hebrew Union College, achieved at 
times under great difficulties. To-day 
its graduates occupy the foremost pulpits of the country and are making their 
inducate felt in the world of letters in 
both continents. The mention of this 
university brings to our minds the grand 
and noble Dr. Isaac M. Wise—its life and 
soul—and to whom Judaism owes undying obligations. When our pulpit becoming vacant, we applied to Dr. Wise 
for guidance, he wrote, 'I will send you 
one of my own pupils, I will send you 
one of my own pupils, I will send you 
one of my own pupils, I will send you 
aman, who I hope will please you, as 
much as he pleases me, 'therefore, I 
have the honor and the pleasure of presenting to you, the Reverend Mr. Levi."

Rabbl Levi is a young man of dignified bearing, splendid voice and impressive delivery, and there was not an unInteresting moment during the entire 
evening. The gist of his first sermon is 
given in the following: "When Moses 
held up his hand then Israel prevailed; but it was worked out in the 
liberal splirit which, in this enlightened 
end of the century, characterizes all pulpits. The plea for the idealist, with his 
motto, of "forward and upward," ideal 
dreamer, not the idle dreamer, was beautiful. It is regretted that space does not 
permit the printing of a sermon which 
could not fall to challenge the complimentary comments of all hearers, no 
matter what their religious beliefs. 
Many members of Christian congregations were present.

An attraction adding to the always 
impressive Hebrew services, was the exceptionally fine music, the church choir 
being assisted by Miss Carrie Gutman, 
contraito soloist, and Mrs. Hettie Bradleyx-Kelly, a distinguished soprano, who 
has been the gueet of driend

was a telling feature, in exercises which proved that reforms along all lines are being made and apily illustrated Reverend Levi's sermon, "Stand not still in the past and the present—look forward and upward." The services which so auspiciously ushered in the Jewish Sabbath, will be again taken up this morning at 10:20 o'clock, while the lecture on Patriotism, with appropriate serves, will be given Sunday morning at the same hour, by which time Reverend Levi's relations to his people will be well established, and they, a turn, will know their expected duty to him. That the mutual favorable impressions will be lasting on both sides is predicted.

#### ABOUT PEOPLE

Strangers in the City and Wheeling Folks W. S. Watson, of Fairmont, was in the

y sterday.

Miss Lillian Andrson, of the Island, has returned from Washington, Pa. Walter Palaeli returned yesterday af-ter spending several weeks in Pittsburgh. Miss Jessie Murrin, of the South Side, aves this morning to visit friends in

Chicago.
D. Refillion, of Elm Grove, has gone to
the Endeavorers' convention at San
Francisco.

Charles Moore, of Pittsburgh, formerly of this city, is in town shaking hands

ith old triends. Mrs. H. F. McMillin, of the South Side,

have returned from a pleasant visit to friends in Mansfield.

Frank Ayres, his wife and family, of te Sixth ward, have gone to Trenton, J., on a visit to friends.

Mrs. H. M. Thomas, Mrs. J. H. Whit-thesey, and Miss Edan Whittlessy, of Sistersville, were registered at the Stamm yesteriay. Charley Magers is confined to his home with a sprained ankle, the result of an accident he received Thursday at the East End lox factory.

HALL'S Vegetable Sicilian Hair Re-newer has removed stay bair to its original color and irrevented buildness in inousands of cases. It will do so to you. Electric Bitters.

Electric bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhauted feeling prevails when the liver is torpid and sluggish and the need of a tonic and alterative is 7clt. A promptive of this medicine has often averted tong and perhaps faild billious levers. No medicine will act more surely in counteractine and freeing the system from the matarial poison, theadache, indication, emising sdino, distincts yield to fact the failers. Control 10 years of the at Logan Drug Co.'s drug store.

#### THE COAL STRIKE

Will be Inaugurated To-morrow Morning by 375,000 Men

IN ALL PARTS OF THE COUNTRY

Very Few Men in the Pan-Handle are Affeeted, but Nearly 3,000 Miners in the Belmont County Field will Go Out-The Mine Workers' Organization Issues a Proclamation, Giving the Reasons for a Strike at this Time.

To-morrow morning-Independence Day-the 375,000 coal miners of the country, under the United Mine Workers of America, will go out on strike for the scale rates of wages. Very few miners in the Pan Handle of West Virginia are affected—the membership of two local unions—but in Belmont county, across the river, the 3,000 miners in that field are to go out, at least all who belong to the labor organization. For beiong to the labor organization. For several days it has been doubted that the strike would be ordered, but all doubt was dispelled when the following circular was received by local coal miners from the officials of the United

presperity was witnessed in this city yeasterday. The retail trade in the city was better than it has been for some time. At Stone & Thomas' big store on Main street, the day was a record breaker. The rush of trade was so great all day that the store was crowded all the time and the clerks were overworked. Twice during the day the doors of the store had to be closed against the waiting crowds to prevent overcrowding, and when they were reopened to release the purchasers within, their places were quickly filled by the waiting ones on the outside.

It has been a long while since a Wheeling retail establishment has experienced such a rush. At the store the management attributed the volume of business to several causes, the returning confidence and generally hopful outlook for the future, which encourages people to buy, and the judicious and expert newspaper advertising, for which Stone & Thomas are noted and in which they freely indulge, knowing from experience its value.

Mine Workers of America:

To the Mine Workers of the Country:

—At the last annual convention of the United Mine Workers of America, held in the city of Columbus, Onlo, Jaduary 12-16, 18%, after a full and careful review of the distressing condition of our craftsmen, brought on by the continued reductions in our wages; in order to prevent any further reduction from taking place, and to secure for us a living rate of wages that will enable us to live as Americans ought to, so as to realize from our labor at least a sufficiency to provide the necessities of life, it was determined that the scale of prices should be advanced to the following rates:

Pennsylvania (Pittsburgh district) pick mining, 60 cents per ton; Illinois (Grape Creek), 55 cents per ton; The balance of the state (Illinois) the mining rate of 1894. Machine mining to be paid three-fifths of the price per ton paid for pick mining, except in Indiana, (bituminous) 60 cents per ton; The balance of the state (Illinois) the mining rate of 1894. Machine mining to be paid three-fifths of the price paid for pick mining, except in Indiana (bituminous), where the price shall be four-fifths per ton of the price paid for pick mining, other mining sections a corresponding increase in price that will place them on a relative basis.

It was further agreed that the time for enforcement of the scale be left with the national executive board and the district presidents to determine when It would be most opportune. Therefore, purusuant to the instructions of the national board and district presidents met in Columbus on June 24-28 and decided that in their suspend on July 4, 1837, for the enforcement of the before mentioned scale rates. Therefore, mine workers everywhere will take notice and govern themselves accordingly:

The success and effectiveness of this movement will depend upon the unanimity and fidelity with which you observe the action of your mational convention the signs of the times, as pointed out by the press and by testimony of men versed in public affa

affairs.

The circular is signed by President Ratchford, Vice President Kane, Secretary Pearce, District Presidents Dolan, Carson, Knight and Farms, and the members of the national executive beard.

lan, Carson, Right and Farins, and the members of the national executive board.

The officers say 375,000 men are involved as proposed strikers. So far as anything can be learned here from officials the call for the Pittsburzh meeting of miners to-day is to decide how the strike is to be conducted in that district. They have to consider plans to take care of the women and children during the strike. President Hatchford says this is the best time to settle the question of wages, as during the summer the men can make use of their little garden plots in obtaining subsistence. The needs of ciothing are not so great as in winter.

The proposed scale is intended to make work for miners profitable to them in the Pittsburgh district and elsewhere. Pittsburgh as claimed, is paying 54 cents per ton and Ohio 51. To make the differential what the Ohio operators claim it ought to be they threatent or reduce the Ohio miners to 45 cents per ton, or nine cents below Pittsburgh. The miners propose, if possible, to raise Pittsburgh prices, so as to provent a reduction in Ohio to 46 cents, and the possibility of even a farther reduction in eastern Ohio in case Pittsburgh should keep on lowering as Ohio lowered to maintain the differential of nine cents. gold settings, also solid gold watches, besides many other articles too numerous to mention are among the prizes distributed to purchasers of their choice blend of tea, which is well worth the price without the prize. Among those who received valuable souvenirs so far are:

H. Koehnlien, Martin's Ferry, got a gent's hunting case, 20-year guarantee, 15-jeweled Eigin watch. Rev. J. H. Johnson, 115 Charles street, received a gent's seal ring with his tea. Mrs. J. Swartz got \$22 cash with her orders.

L. A. Baker, brakeman Baltimore & Ohlo, got two elegant gold watches with his tea. C. Steinmetz, 121 Mainstreet, got a cluster dismond finger ring, solid gold setting, with his tea. C. H. Lenew, Proctor, W. Va., received a gent's open faced watch. D. A. Seabrook, contractor, got \$45 cash. Almeta Reilly, Eenwood, received a ladies' solid gold watch with her purchases, besides 31 other valuable prizes, prizes whose names we do not mention by request.

Don't put it off until the time is over. Every can will positively contain a prize of some kind. Open Saurday 10 o'clock.

Prices, single cans, \$1; six for \$5; 13 for \$10. Lady clerks in attendance.

FREEMAN'S GLOBE TEA CO.

1033 Main St. to maintain the differential of nin-

President Delan Commits Himself. PITTSBURGH, July 2.—District Pres-ident Patrick Dolan, of the miners' or-ganization, in commenting on the circu-

ident Patrick Bolan, of the miners organization, in commenting on the circular, said:

"It will remain with the convention of miners to-morrow to decide whether a strike shall be inargurated in this district or not. The circular contains only a recommendation of the officials of the United Mine Workers. If it is decided to strike, I will do all in my power to make it general."

A number of operators were seen during the day, but none appeared to be worrying over the probability of a strike. They are of the opinion that a strike at this time cannot be made general. Home say they will pay the advance, and can do so and make money, provided the majority of the mines are closed. The miners leaders believe, however, that if the convention orders a strike they will be able to bring out all the miners, whether they are working under a contract or not.

"I HAVE used Chamberlain's Colle, Chelera and Diarrheea Remody during the past summer and I find it will do just what it is recommended to do. I cheerfully recommend it."—D. W.
